

# Home Designer 2026

## Update Notes

August 20, 2025

### **1.0 - General Notes**

This is a list of the fixes and improvements to existing tools introduced in the 27.2.1.2 program update.

### **2.0 - 27.2.1.2 Update Notes**

#### **2.1 File Management**

- Corrected a problem that prevented Auto Archive backups from being created in a specific case.

#### **2.2 3D Rendering**

- Fixed a crash that could occur in Physically Based renderings when the latest (580.xx) version of Nvidia drivers were in use.
